NEWS RELEASE

THE NEW UNISON CORPORATION

Contacts: Robert W. Baker, Bill Jenkins

FOR IMMEDIATE RELEASE:

Ferndale, Michigan July 6, 2016 – Unison Corporation is pleased to announce its Model 2150™ CNC DedTru Three Axis Centerless Grinding System was prominently displayed on the cover of the latest issue of Today's Medical Developments Magazine. The Model 2150 was part of the magazine's feature article on automation, demonstrating how an optional robot can load and unload parts, greatly increasing the machine's productivity by decreasing cycle time.

Please use this link <http://www.todaysmedicaldevelopments.com/magazine/> to read the entire article in Today's Medical Development Magazine,
